

4G Log Periodic Antenna

Performance index	
Model	NQI-DS-4G50S
Frequency Range	800-960/1710-2700MHz
Gain	11/12dBi
Standing wave ratio	≤1.5
Input resistance	50Ω
Polarization mode	Vertical polarization
Horizontal / vertical plane half power angle	H 55° V 45°
Third-order intermodulation value	≤-85dBm (@2W)
Max Output power	100W
Lightning protection	DC ground
Mechanical index	
Operating temperature	-40°C~ + 65°C
Interface model	SMA-J
Wire Model	LMR200 Black
Wire length	5/10M
Antenna weight	750g
Antenna size	440x205x60mm
Support rod	Φ38~55mm
Wind resistance	210km/h
Radome material	ABS
Color	White
Package dimensions	79*59*45.5CM / 20PCS
Package weight	16.8KG
